PETITION TO WITHDRAW HOLDING OF ABANDONMENT
- NOTIFICATION OF MISSING REQUIREMENTS NOT RECEIVED

MS PCT Legal Office
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant hereby petitions to withdraw the holding of abandonment on this US national phase application based on failure to receive the Notification of Missing Requirements dated March 22, 2005 (hereinafter, "Notification").

I hereby state and affirm that the Notification was not received, and further that, upon discovery of the existence of the Notification following a second status inquiry on December 12, 2005, a search of the file jacket and docket records with respect to the above-referenced application indicate that the Notification was not received.

A copy of the application's docket record, from the date the Notification would have been entered were it received to the final due date (i.e., March 22, 2005 to May 22, 2005), is attached as documentary proof of non-receipt of the Notification.

In support of the above, I state and affirm that the following is true and accurate:

Docket No.: 480052000600

- (a) On August 10, 2005, my assistant Barbara Hayashi called the PCT Help Desk requesting status with respect to the filing receipt, which had not yet been received, and which was not entered into the USPTO PAIR database. Ms. Hayashi was advised that the delay in issuing a filing receipt and entering the application into the PAIR database was due to a substantial backlog. The advisor at the PCT Help Desk estimated completion of docketing the application and mailing a filing receipt to be approximately one year. At this time, the advisor at the PCT Help Desk did not alert Ms. Hayashi to the fact that the Notification had been mailed in March 2005.
- (b) On December 12, 2005, Ms. Hayashi followed-up with the PCT Help Desk with respect to the status of the filing receipt in the above-referenced application. Representative Shian informed Ms. Hayashi that the Notification was mailed in March 2005. Representative Shian advised Ms. Hayashi to contact the PCT Legal Department in order to get a copy of the Notification. Ms. Hayashi dutifully requested a copy of the Notification and a copy of the facsimile sent to the Legal Department requesting the document is attached.

In view of the above, it is respectfully requested that the holding of abandonment be withdrawn and a new updated Notification of Missing Requirements be issued.

This petition is filed pursuant to 37 C.F.R. § 1.181(a) and no fee is believed to be due. However, authorization is hereby made to charge any required fees in connection with this paper to Deposit Account No. 031952.

Dated: December 14, 2005

Respectfully submitted,

By

Application No. 10/507,347

With regard to this national phase application, I spoke with the PCT help desk on August 10, 2005, requesting status of the filing receipt. I was informed they were running behind and anticipated docketing the application in approximately one year.

I again called the help desk for status on December 12, 2005, as the application still was not entered on the PAIRS system. I was informed by Shian that a Notice of Missing Parts issued earlier this year. I advised Shian that we had never received the document nor had the help desk advised us of the issued document when I called in August. She then advised that we contact your office to get a copy of the notice.

Therefore, please re-issue a copy of the Notice of Missing Parts. Please also fax a copy if possible to my attention at (949) 251-0900.

Thank you for your time and attention to this matter.

To ensure compliance with requirements imposed by the United States Internal Revenue Service, Morrison & Foerster LLP informs you that, if any advice concerning one or more U.S. Federal tax issues is contained in this facsimile (including any attachments), such advice is not intended or written to be used, and cannot be used, for the purpose of (i) avoiding penalties under the Internal Revenue Code or (ii) promoting, marketing or recommending to another party any transaction or matter addressed herein.

CAUTION - CONFIDENTIAL

This facsimile contains confidential information that may also be privileged. Unless you are the addressee (or authorized to receive for the addressee); you may not copy, use, or distribute it. If you have received it in error, please advise Morrison & Foerster LLP immediately by telephone or facsimile and return it promptly by mail.
